

KEEP NEW ZEALAND STINK BUG FREE

Look for
black & white
banding on the
antennae

Look for
black & white
banding on the
sides of the
abdomen

SCALE

The brown marmorated stink bug is a pest that infects homes, ruins gardens, and stinks when crushed. It could also destroy our fruit and vegetable industries. It's not in New Zealand yet, and we want to keep it that way. If you see one, don't kill it. Catch it, take a photo, and call us.
